

Factsheet

Manulife Global Fund - India Equity Fund

Overall Morningstar Rating™: ★★★★★

Investment Objective

The Fund aims to provide long term capital growth for those investors who hold a long term investment view and are prepared to accept significant fluctuations in the value of their investments. At least 70% of its net assets will be invested in equity and equity related securities of companies covering the different sectors of the Indian economy and which are listed on a stock exchange either in India or on any stock exchange. Such equity and equity related securities include common stocks, preferred stocks and depositary receipts. The remaining assets of the Fund may include bonds and deposits. Investments in the Indian market shall be made through a Foreign Portfolio Investor ("FPI") registered with the India regulator. Such an FPI can be either the Company or the Investment Manager.

* Performance figures are calculated with all dividends and distributions reinvested, taking into account all charges which would have been payable upon such reinvestment, and are annualised for periods over one year. The Offer to Bid performance includes the effect of an assumed current maximum front end load, which the investor might or might not pay. NAV to NAV figures reflect the Fund's investment performance.
